

## PowerCore 4x4 XLC200K Suits ULP Variants with Minimal Modification

After customer feedback and testing, we are pleased to announce PowerCore® 4x4 XLC200K suits ULP variants with minimal modification as well as Lexus LX570 & LX450 engines.

The Donaldson PowerCore® 4x4 air cleaner housing and filter kit delivers quality, reliable filtration, and support, even in the toughest off-road adventures.

Originally designed for Toyota® LandCruiser® 200 Series diesel engines, the XLC200K air cleaner is a robust compact replacement airbox equipped with everything you need to protect your vehicle from contaminants that can cause engine damage.

Make	Model	Series	Litre	Engine	Years	Fuel	OE Genuine Service Element
Toyota	LandCruiser	VDJ200R	4.5	1VDFTV	2007-2021	Diesel	17801-51020
Toyota	LandCruiser	URJ202R	4.6	1URFE	2012-2019	ULP	17801-38030
Toyota	LandCruiser	UZJ200R	4.7	2UZFE	2007-2012	ULP	17801-38030
Lexus	LX450	VDJ201R	4.5	1VDFTV	2018-2021	Diesel	17801-51020

### Note

Lexus applications need to remove the plastic shroud cover above the Airbox.

For ULP models, check the clamp sealing between housing outlet and intake pipe as this dimension differs slightly to diesel platforms. It is recommended to use a T-bolt clamp to maintain an adequate critical seal (P148342 T-bolt clamp sold separately). It is recommended to remove the small rubber nodules on the intake pipe hose clamp area to give a complete flat surface before fitting the T-bolt clamp.
