PowerCore® 4X4

Air Cleaner Housing + Filter Kit for Toyota LandCruiser 200 Series

XLC200K

PowerCore® 4x4 Filtration Technology

THE PROOF IS IN THE PERFORMANCE

Air intake systems play a critical role in delivering a good, clean supply of air to your engine. Improper filtration systems can lead to increased fuel consumption, excessive engine damage and unscheduled servicing.

The robust, compact Air Cleaner Housing + Filter Kit is equipped with everything you need to protect your vehicle from contaminants that can cause damage to your engine. Designed using Donaldson proprietary filtration technology, the XLC200K delivers high efficiency filtration, resulting in superior protection and performance.

With 3x more effective filtration area than the OEM panel filter, PowerCore® 4x4 delivers more than 30% lower initial restriction at the same airflows, allowing your engine to breathe easy while keeping contaminants out. Using ISO5011 test standard, Donaldson PowerCore® 4x4 filters also delivered 99.99% efficiency, compared to 99.87% efficiency for OEM panel filters resulting in significantly more engine protection.

Donaldson PowerCore® 4x4 Air Cleaner Housing + Filter Kit for diesel Toyota LandCruiser 200 Series engines delivers quality, reliable filtration - even in the toughest conditions.

- ■ ■ Superior Engine Protection
- ■ ■ Unique Sealing Technology
- ■ ■ Improved Performance

- ■ ■ 99.99% Efficiency
- ■ ■ Compact Design
- ■ ■ Easy Installation

It's What's Inside That Counts

POWERCORE® ULTRA-WEB® TECHNOLOGY

The XLC200K Air Cleaner Housing + Filter Kit for Toyota LandCruiser 200 Series incorporates the latest in air filtration technology.

Featuring genuine PowerCore® construction using Ultra-Web® media, Donaldson has engineered the ultimate air filter housing. The XLC200K offers high efficiency filtration in a single, compact unit delivering superior protection and performance.

How it Works

PowerCore® media features a unique corrugated design which creates a straight-through air-flow path to trap dust in the flutes on the dirty side of the air filter. This innovative design pushes air through to the adjacent flutes on the clean side; delivering clean air to your engine.

Ultra-Web® fine fibers have sub-micron diameters and small inter-fiber spaces, which result in more contaminant being captured on the surface of the media, promoting lower restriction and long filter life.

4X4

Designed In Australia FOR HARSH CONDITIONS

1 PowerCore® Technology
Proprietary Ultra-Web® media provides higher filtration efficiency and comparable dust-holding capacity and filter service life.

2 Unique Seal Design
Proprietary sealing technology creates a durable, leak-resistant seal ensuring a reliable, vibration-resistant interface between the air cleaner and the filter.

3 Rugged Design
Durable construction provides high mechanical strength and heat resistance to withstand high temperature/humidity working conditions.

4 Mounting Brackets
Heavy-duty construction equipped with replaceable isolators. Designed to fit existing mounting location.

5 Easy to Service
Removable access cover. No tools required for filter change.

6 Compatibility
Compatible with most engine air intake system accessories.

7 Restriction Indicator
Heavy-duty restriction indicator to help achieve maximum filter life.

Air Cleaner Housing + Filter Kit For LandCruiser 200 Series XLC200K KIT CONTENTS

Description	Qty	Description	Qty
PowerCore® 4x4 Air Cleaner Housing	1	Fastener Kit ¹	1
PowerCore® 4x4 Air Filter	1	Mounting Brackets	2

¹Fastener Kit contains everything you require for installation: bolts, washers, restriction indicator and water drain plug.

Filtration Solutions for LandCruiser 200 Series HEAVY-DUTY FILTRATION EXPERTS

Donaldson Filters Will Not Void Your Warranty

BUILT TO ENDURE

Filters are an important part of any effective vehicle servicing practice. They need to withstand harsh demands, whether traveling on-road, off-road or on rugged terrain.

At Donaldson, we understand your vehicle is critical to your livelihood. As the inventor of the first air filter for heavy-duty engines and with a history dating back to 1915, we are the first-fit choice of equipment manufacturers around the world. Donaldson Filters are built to the highest standard utilising quality materials and are backed by a full warranty. Visit www.donaldson.com/4wd for more information.

Why Choose Donaldson?

PERFORMANCE

First-fit choice of leading equipment manufacturers around the world.

INNOVATION

Continuous development of new technologies to meet changing filtration needs.

RELIABILITY

Comprehensive warranty covering our filters and your equipment.

QUALITY

The foundational principle driving the design, manufacture and delivery of every product.

SUPPORT

Knowledgeable technical support specialists available when you need them.

AVAILABILITY

Innovative, reliable distribution partners providing local support.
