## CORE FILTRATION COVERAGE

For Caterpillar 793F Mining Haul Trucks

# Keep Your Equipment Running Clean in a Gritty World

Maximise Equipment Potential -  
**Reduce Your Total Cost of Ownership**

# Downtime means lost revenue. To keep your equipment in service you need filters that deliver superior performance and a reliable supplier that offers complete coverage for your entire fleet.

High performance filtration is the best preventive maintenance there is for hard-working equipment in heavy industry. Donaldson delivers increased engine and equipment protection, extended service intervals, reduced downtime and increased operating efficiency. It all adds up to maximizing your uptime across your entire operation with filtration solutions from Donaldson.

**Depend on Donaldson when every operating hour counts.**
